

Roofing

Here at Mastercraft we are proud to have built a strong reputation for providing quality roofing services. Our skilled craftsmen have the knowledge and experience to construct everything from traditional cut rafters, fink or storage trusses to laminate or composite beam framed roofs.

If it is roof finishes that our clients require, we can supply and fit natural and manmade slates or more contemporary zinc finishes. Whatever your roofing requirements, Mastercraft Construction has it covered.

Causeway Hospital, Coleraine

Victoria Square, Belfast

Residential

Serving clients throughout the UK, Ireland and beyond, Mastercraft Construction has been established for over thirty years and has a wealth of experience within the construction industry.

We pride ourselves on providing building solutions to meet the individual needs of clients in both the private and public sectors.

As a building contractor we are unique in that we provide an integrated service by applying our vast expertise to a diverse range of disciplines within the industry. This includes all aspects of specialist joinery, roofing, formwork, residential developments and office fit-outs. This experience has provided us with the foundation to undertake construction projects of any magnitude, as either principal or sub-contractor.

Formwork

Mastercraft Construction has a long tradition in the field of formwork and is at the forefront of the industry for in-situ concrete structures. We pride ourselves on our ability and experience in creating complex formwork. We have developed a reputation for delivering projects on budget and on schedule while producing first class results for our clients.

Our knowledgeable and versatile workforce have undertaken an extensive range of formwork projects spanning across the commercial, industrial, healthcare and retail sectors.
